

**FOR
MEMBER OF THE CITY COUNCIL**

Ed Escareno

Age: 44

Occupation: Councilmember / Public Relations

The City of Huntington Park has progressed more in my first term on the City Council than in the past years. As Mayor and Council member, I have worked hard to promote our city and bring in national businesses that offer much needed jobs, services, and community pride. With the assistance of our Congresswoman, I was successful in obtaining \$300,000 in federal grants to support our downtown revitalization and Juveniles at Risk Program.

Under my first term, the Police Department was modernized to provide better service to our residents with "zero" taxpayer dollars; and created new park programs at Westside Park and "Freedom Park" in the Huntington Park strip. More streets have been repaired than ever before with minimal cost and inconvenience to our residents.

Of all my accomplishments, I am most proud of the five new schools that are being constructed in Huntington Park.

Yes I've been busy working to improve our city, but there is still much more ahead. We must continue the progress forward. I humbly ask for your vote to continue what we have started.
