

City of Huntington Park Still Needs Ric Loya for City Council

As a concerned health teacher at HPHS (1970-98) and active resident since 1972, Ric will fight for honest government.

As LAUSD Adviser (1998-2004) on preventing teen pregnancy, AIDS, VD, and asthma, he will fight for a healthy city.

As an educator with a keen interest in the future of young people, he helped bring East Los Angeles College to our community and will help bring more new schools in addition to the 5 being built.

As an earnest health teacher, he will continue tearing down the ugly concrete mountain, La Montana.

As chairperson of the Health Task Force, he is using his skills and knowledge to save our hospitals.

Endorsed by the Police Officers Association in the past, he will:

- Fight crime, the city's number one concern.
- Seek money for more police.
- Unite the Police Department.

As Mayor 5 times in 12 years, he voted:

- YES on needed term limits.
- NO on unfair council pay raises.
- NO on outrageous travel expenses and cell phone bills.

As senior member on Council and near-senior citizen himself, Ric will bring his voice of experience—an honest, educated, fair voice for all.
